## JACK PINE'S STUMP

Once upon a modern time there was Louis Hayes, a doctor by profession, a Grayling resident by choice, a warm friendly human being by nature. "Louie The Doctor," as he calls himself, has left for Service, and his leaving recalls to this writer's mind the public tribute paid him by the people of our city a few weeks back. Louis rose to his feet after all the speeches gifts and applause to look for what he was. Rare indeed is the man who has the courage to do such a thing at a function where such is neither required nor expected. Hat's off to you, Doc, and may your ideals be with you always!

A fellow the other day got himself all worked up into an apoplectic state over a bill in the State Legislature which would allow non-resident land owners in Michigan to buy resident hunting and fishing licenses. He was against it and I was for it. Seems to me that if a man thinks enough of our State to buy and improve land here, he shouldn't be treated as a "foreigner". He pays State and County taxes on his land, and it seems to me that the little more the Conservation Department would get in license fees would be greatly offset by the increase in goodwill and tourist expenditures.

I'm just passing this one on, but according to the Saturday Review of Literature, advertising researches employed by the Victor and Gable discovered that 40% of a polled group believed that CONCENTRATED soap meant that the Pope had blessed it.

Don't, please, blame R. W. S. for anything you might read in this column. He doesn't even agree with some of the stuff he writes and probably thinks less of it is funny. Bob's a good newspaper man, and being one, he knows that something called "Public Interest" is best served by the right we have in this country to hold and speak for opinions that may vary from the accepted. For like someone said in an early Congress, Bob would quote, "I may not agree with what you say, but I will defend to the death your right to say it." You're not worried, I won't be forcing Bob into any such position.

But Bob Strong will agree with this one: There are a lot of people in this community who talk talk, but about improving our city, but who are a little short on the Chamber of Commerce, an organization that is REALLY trying to do what we are all talking about.

As the gambler would say, "Put your money where your mouth is, buddy!"

All that publicity last winter about the synthetic diamond created by General Electric bothers me. It took half a million dollars to make a diamond worth about ten bucks.

"No, Sir," admitted the Senatorial candidate, "I wasn't born in a log cabin!"  
"But my folks moved into one when they could afford it."

Depressing sight of the week: A fellow, wading in the ten inch trout water, asked a passing boat to "please" fish through his legal size. When informed that his already dead and long-since-fished trout was seven and a half inches, he very carefully placed it back in the water to "come to life."

Happy thought of the week: Money can't bring you happiness, but at least if you have money you can buy a car and go look for it.

## Executive Committee of Mercy Hospital Planning Board Revised

Mrs. Claude Keyport, George Griffith, Robert Strong Named

Revision in the Executive Committee of the New Mercy Hospital Planning Board were made at a recent meeting of the Committee. The untimely and costly death of Dr. Claude Keyport, Chairman of the Committee, and the drafting of Dr. Louis Hayes, Secretary, into the Army, necessitated reorganization and revision.

The Reverend Father John A.

## Golf Club Party Saturday Night

Thirteen members of the Grayling Golf Club Auxiliary attended a meeting at the club house Monday evening to make plans for a "get acquainted" party to be held Saturday evening, May 14th at eight o'clock to meet the new club members. Bill and Joan Zmiskowski. The party will be in the nature of a sandwich potluck. Those attending are to bring sandwiches for themselves and their guests. Coffee will be served. Entertainment is planned.

Also planned was a paid dinner for club members and their guests to be held on Memorial Day, May 30th. A charge of \$1.50 will be made for adults and 75c for children 12 and under. On the menu will be ham, escalloped potatoes, baked beans, cold slaw, rolls, cake and coffee. Those attending are asked to please bring their own table service as a capacity crowd is expected. The dinner is called for six o'clock with a social hour starting at five. Cards will be played following dinner.

The first auxiliary luncheon of the year will be held on Wednesday, June 8th at twelve noon. It was voted to hold the luncheons on Wednesdays and not Thursdays.

The club wishes to thank Mr. and Mrs. Harry Krummel for the donation of some lamps, a welcome addition to the club house.

## Bound Over On Assault Charge

James Remer, 32, of Grayling was bound over to the July term of Circuit Court on a charge of aggravated assault on Tuesday morning by Justice of the Peace Art Clough.

Remer waived examination on the charge which is a Circuit Court misdemeanor. The charge grew out of a beating which Remer allegedly meted out to Duane Walworth, 31, of Grayling, at about midnight on Saturday, April 30. Although Walworth made his way home that night, he was taken on Sunday to the Grayling Mercy Hospital where his condition at first was termed as "extremely critical." However, the victim rallied fast and has since been released from the institution.

Remer was remanded to the Sheriff's custody to await Circuit Court action. He was held in the Grayling Jail on a bond of \$500 for Remer which up to this time has not been furnished.

## Mother-Daughter Banquet Held At Deneb Hall

On Tuesday, May 3, the Lutheran Junior Aid held their first annual Mother-Daughter supper at Deneb Hall.

The tables were beautifully decorated in a lavender-color scheme by the Mrs. Wm. McLeod, Edward Sorenson, Don Jansen and Floyd San Carter.

## State Seeks "Master Plan" Program To Care For "Troubled" Children

Troubled children have won half of their five-year campaign for a "master plan" which will legally keep round pegs out of square holes and be used on their sheepskins.

By an overwhelming margin, the senior class voted to wait until July 1 and "university."

The rule of thumb for probate judges has been to provide foster care for youngsters on a local level if they were not delinquent enough to be sent to a state institution.

"Actually, however, we have had cases of children being sent to state training schools who could have been better cared for in local foster homes," said Robert H. Scott, youth expert in the corrections department.

For five years, alarmed legislators have sought an answer. It passed the Senate in a package of five bills.

The bills would require the state to pay half the cost of local foster care programs and require the counties to pay half the cost of keeping the youths they send to state institutions.

"There would be less of a tendency to 'dump' children on the state," said Senator Creighton R. Coleman (R-Battle Creek).

The proposals would benefit those counties with good foster care programs and, in some instances, penalize those who prefer to send their wayward youths to state institutions.

The state training schools — Boys Vocational School at Lansing, Girls Training School at Adrian, and Michigan Children's Institute (a foster care operation) — have been overcrowded for years.

Without the bills, W. F. Maxey, state social welfare director, said all three institutions would have to be expanded at some great cost to the taxpayers.

"An institution is the end of the line for some of these kids," Maxey said. "We could save some of them right now if local government will go along with these bills."

Michigan's Attractions are being broadcast over the nation from Interlochen. It is the National Music Camp from which advanced students cut tapes, make recordings and broadcast directly. They make music and, in addition, advertise the state.

Dr. Joseph Maddy, director of the camp, said that more than 6,000 broadcasts a year are beamed directly and indirectly from the camp.

For the legislature, Maddy listed 182 stations carrying programs from Interlochen.

In addition, Dr. Maddy described the new motion picture, "Grand Canyon," featuring music students but also including promotional material on Michigan's "Water Wonderland."

Dr. Maddy asked the legislature for \$18,000 for the next year to help with the programs to carry on this well-established promotional campaign which brings more and more people to Michigan each year.

Michigan State College will become Michigan State University July 1.

The change, made by the legislature, and signed into law by Lt. Gov. Philip A. Hart, comes as the college celebrates its 100th year of service to the state.

Over the years, the college has grown to No. 7 in enrollment in the country and, everyone agreed, "is a university in fact."

The name change was opposed by the University of Michigan on grounds that it would lead to confusion; that the new name was an "infringement" on the name of the University of Michigan.

As the name changed, effective July 1, the University of Michigan Board of Regents was considering an appeal to the Michigan Supreme Court.

Dr. John A. Hannah, president of the college-soon-to-be-university, pledged to the legislature that there would be no attempt to start professional schools to duplicate those at the University of Michigan.

There has been speculation in legislature that, when the name was changed, the new MSU would ask for a dental school, one for doctors of medicine and a law school.

Dr. Hannah also said that the new university would continue its long tradition of service to Michigan agriculture through its county agents over the state.

## Seniors graduating in June were asked if they wanted "college" on their diplomas or wished to wait until July 1 when "university" would be used on their sheepskins.

By an overwhelming margin, the senior class voted to wait until July 1 and "university."

Pictured above is Mrs. Clara Gibbons of Kalkaska with a seven and three quarter pound rainbow trout which she netted on the Manistee River just below Camp Arrowhead on the opening week end. The trout was not only a nice prize but won Mrs. Gibbons first place in the Crawford County Chamber of Commerce's trout season opening contest. Mrs. Gibbons was awarded a custom made glass fly rod. Second place in the contest went to Marvin Bielski of Grayling, a student at Northwestern Michigan College at Traverse City. Marvin won a dozen custom tied AUSAble trout flies for a two pound, 18 inch brown trout he hooked in the main stream of the AUSAble River just below the mouth of the East Branch.

## SCHOOL BAND ATTENDS FESTIVAL AT TRAVERSE CITY

The Grayling High Band under the direction of LeRoy Christian attended a Northern Michigan Band Festival at Traverse City last Thursday. Due to the large number of school bands now in northern Michigan, the festival was held in three parts with one at Rogers City on May 3 another at Charlevoix on May 4 and the Traverse City Festival to which Grayling elected to go.

The bands represented at Traverse City were: Traverse City Junior Band, Mr. R. Cumberworth, conductor; Traverse City Senior Band, Mr. B. Opland, conductor; Benzonia Senior Band, Mrs. C. Riswold, conductor; Northport Senior Band, Mr. LeRoy Christian, conductor.

The program at the mass band concert, which started at 7:15 p. m., was as follows:

Queen City, W. H. Boon, An American Scene, Grundman; Belle of the Ball, Herman Hummel; Soldier March, from Faust, Gounod; Waltz, King, Mummel; Little Champ, Messing, Villa; Reharr, Norman; Hymn of Freedom, Tolmache; Men of Music, King and Walters; Gold and Silver, Lehar; DeLamater, Prairie Lament, Walters; Washington Post March, Sousa; Star Spangled Banner, Key.

Mr. Oscar Stover, assistant director of bands at Michigan State University, was guest conductor. He said the combined bands presented an excellent concert and worked very well together. This Northern Festival is always a great thrill to the students and, although they were tired after a long, hard day, the day will be one to remember in their lifetime of music thrills.

## Well Done . . . Lots Of Luck . . .

The first part of the above title is for William "Bill" Sorenson who has been the temporary secretary manager for the Crawford County Chamber of Commerce. We think "Bill" deserves a hand as he certainly has started the Chamber office out on the right foot and seems to have completed some large steps towards goals in the industrial and highway phases with his attendance at two meetings along these lines.

We add, "Lots of luck", to young William "Bill" Turner who is now the Chamber's full time secretary-manager. We do not know the new manager well but having met him some weeks ago, he strikes us as the type of young man who is capable of doing a grand job for the Chamber and Crawford County. Let's back young "Bill" and the re-organized Chamber . . . and it will pay us back many fold, we're sure. R. W. S.

## Built-in Maid Service! . . .

We get more for our food dollar than we did 30 years ago. That important fact is stressed in an exhibit prepared by the Department of Agriculture, which will go from coast to coast on loan to the state agricultural colleges. The exhibit dramatically emphasizes the changes that have taken place in food marketing by showing an old-time cracker barrel along with a supermarket cart filled with modern packaged foods.

"For too many years," Secretary of Agriculture Benson pointed out in opening the exhibit, "consumers have been bombarded with propaganda about the high cost of food. Our diets are much better than they were 30 years ago. The quality of foods is higher. We have a vastly wider selection. And our foods are available in convenient forms—ready mixed, ready dressed and ready to serve . . . In fact, in some of our foods we have 'built-in' maid service."

The Secretary then said that one hour of labor today will buy almost twice as many loaves of bread,

twice as many quarts of milk, and twice as many pounds of steak or chicken as it did 30 years ago. He added that this story of "phenomenal service to consumers" is well worth telling the country over.

This is a fine testimonial to American food producers and to the people and organizations which process and sell us our foods—all the way from the smallest independent to the biggest chain. And it is further proof of the fact that, in every line of endeavor, the free market system gives more people more and more of the good things of life.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

May 12, 1932

The NeHi Bottling works, of which A. M. Henderson is the local manager, got into manufacturing operations last week. Bottles of delicious sparkling beverages are now coming from the bottling machine that are soon destined to quench the thirst of the populace of Northern Michigan. The former M. & N. E. brick depot building makes an ideal site for such an institution. A well supplies the finest quality of pure, soft, sparkling water, which in itself is in no small measure responsible for the high quality of Grayling NeHi beverages. Mr. Henderson says they are anticipating a good patronage at the Grayling plant. Soon their trucks will be busy with distribution.

**The Fisherman**  
Behold the fisherman. He riseth up early in the morning; He disturbeth the whole household. Might be his preparations; He goeth forth full of hope. When the day is far spent he returneth, Smelling of strong drink. And the truth is not in him.

An event of unusual historical significance took place at the Higgins Lake State Forest on Wednesday of last week, when William Morrow Washington, of Detroit, great-great-grand-nephew of the first president, and second cousin, once removed, of Mary Todd, the wife of Abraham Lincoln, planted the first of 400,000 white and Norway pine seedlings on a 480-acre plot dedicated to George Washington, whose birthday is being observed this year. This is believed to be the largest Washington Memorial planting in the United States. Mr. Washington came from Detroit to emulate the work of his illustrious ancestor in the preservation and perpetuation of the forest resources of the nation. Under his hand, the 480 acres of stumps and burned over land was started on its way toward forest productivity. — Roscommon Herald-News

There was a good attendance at the annual meeting of the Golf club Tuesday night at the Club rooms. President Fred R. Welsh conducted the meeting. The fees for the season, as adopted by the stockholders, are as follows: A charge of 50c will be made for use of the course for playing nine holes, and \$1.00 for more than nine holes or for all day. A charge of 50c will be made for evening, beginning at 5:00 p. m. Non-members will not be permitted to play on the course before or after season periods, unless accompanied by a member. Three directors were elected for a period of three years, as follows: Fred R. Welsh, Dr. C. R. Keyport, and C. J. McNamara. At a meeting of the directors, following the annual meeting, the following officers were elected: Fred R. Welsh, pres.; O. W. Hanson, vice-pres.; Emil Giegling, sec.; Roy O. Miller, treas. The following committees were appointed by the president and confirmed by the board of directors: Greens, Fred R. Welsh, H. W. Wolff, O. W. Hanson and T. P. Peterson; tournament, Roy O. Miller, E. J. Olson and O. W. Hanson.

Misses Margrethe and Olga Nielsen, who came to Grayling on Tuesday evening at their home. Mrs. Emil Giegling and Miss Josephine Nichols held the high scores. The hostesses served a delicious lunch.

Misses Margrethe and Ella Hanson left Tuesday for Reading, Pa., where they will visit Miss Mary Schaefer, one of their former classmates at the Bennett School. They will also go to New York to pay a visit to the Bennett School where they were students for four years. Accompanying them as far as Saginaw were their mother, Mrs. Oscar Hanson, Mrs. Esbern Hanson and Mrs. Harold MacNeven.

Mr. and Mrs. Lorne Douglas and Mr. and Mrs. Baum of Saginaw visited relatives and friends here Sunday. They had some fine fishing while here.

Mrs. Alfred Hanson, Miss Marie Brown and Miss Helen Pond were in Bay City Wednesday.

Rudolph and Paul Feldbauer, while cutting wood in the vicinity of the Hugo Schreiber, Sr., farm saw a big black bear recently. It was on Mr. Schreiber's land and was prancing around in the open.

E. N. Darveau, local railway express agent, is enjoying a vacation from his duties. Mr. Fleitreau of Saginaw is taking his place.

Mr. and Mrs. Darveau expect to leave for Detroit Friday where they will visit the latter's sister, Mrs. W. C. Masters and family.

Mr. and Mrs. B. A. Cooley visited at the home of Mr. and Mrs. Jack Clark in Roscommon Sunday and they attended the band concert held there. Sam Gust, Oliver Cody and Jack Clark of the Grayling band took part in the concert. This was the first public appearance of the Roscommon band and it promises to be very successful.

E. Widrig of Gaylord is a patient at Mercy Hospital having submitted to an operation for appendicitis Monday.

Mrs. Hans Juhl celebrated her birthday Thursday by entertaining the Danish Reading club at her home in the afternoon. In the evening the members of the Danish Lutheran choir called on Mrs. Juhl and a very pleasant evening was enjoyed. The hostess served a lovely lunch. Several nice birthday gifts were received by Mrs. Juhl.

Mr. and Mrs. Byron Randolph (Reita Leadbetter) are happy over the arrival of a daughter born to them Sunday, May 1. The little girl will be known as Joan.

Earl Clarke, student at C. S. T. C., Mt. Pleasant, spent the week end at the home of his parents, Mr. and Mrs. Adam Giegling.

Mr. and Mrs. Carl Michelson and daughter Miss Francis of Mason arrived the first of the week and have opened their cottage at Lake Margrethe.

The rains of last week and this are very timely, but we want a little more warmth with it.

Contractor Burdick is rushing the work for the new poor house. The excavation for the basement is done and the cement wall will be nearly or quite complete this week, with all door and window frames ready to set.

Lon Collen has moved into his new cottage at Portage Lake. He looks down on all of them.

Tally another for "The only town on the map." Our turpentine factory has shipped part of a carload of their product, which is pronounced by experts here as superfine.

Joseph Morency of Maple Forest has bought the black horse of R. P. Forbes to fill the team on the farm.

H. A. Bauman is home from the Menominee camp, visiting the family and associates here.

Hans Holse's team had a unique way of unloading goods one day last week. He was draying the household goods of Rev. Huston

to the parsonage when the team became frightened and "skidded", throwing the boxes in every direction. Some of the crockery was unable to stand the impact.

An alarm of fire, while everybody was at supper Thursday turned out the town. The shaving room in the flooring mill in some way became ignited, and sent out such a volume of smoke that it seemed as though the entire plant was on fire. The room is practically fireproof, and with plenty of water was subdued with little damage.

Thirty-seven eighth graders wrote in Crawford County last week and twelve earned diplomas. This puts them out of the reach of the truant officer and admits to any high school in Michigan. Earl Madson was the lucky Graylingite, as our eighth grade has not completed this year's work. Earl feels elated and may well do so as he is but 14.

# Balanced

Everything it takes to be "TOPS"

## STANDARD GASOLINES

...balanced for top power, economy, and all round performance  
...and raised to the Highest Octane levels in our history

We are mighty proud of our new gasolines. They have been stepped up to the highest octane ratings in our history. Designed to give knock-free performance in the most modern of high compression engines, and older cars as well. But important as octane is, good gasolines need something more. They must be balanced too. STANDARD WHITE CROWN and RED CROWN Gasolines are balanced to give you top performance, with controlled volatility—the right gasoline for the right season—with no vapor lock even in the hottest summer weather. Try a tankful of one of these clean-burning, high-octane, balanced gasolines today, and prove to yourself that there is a difference in gasolines.

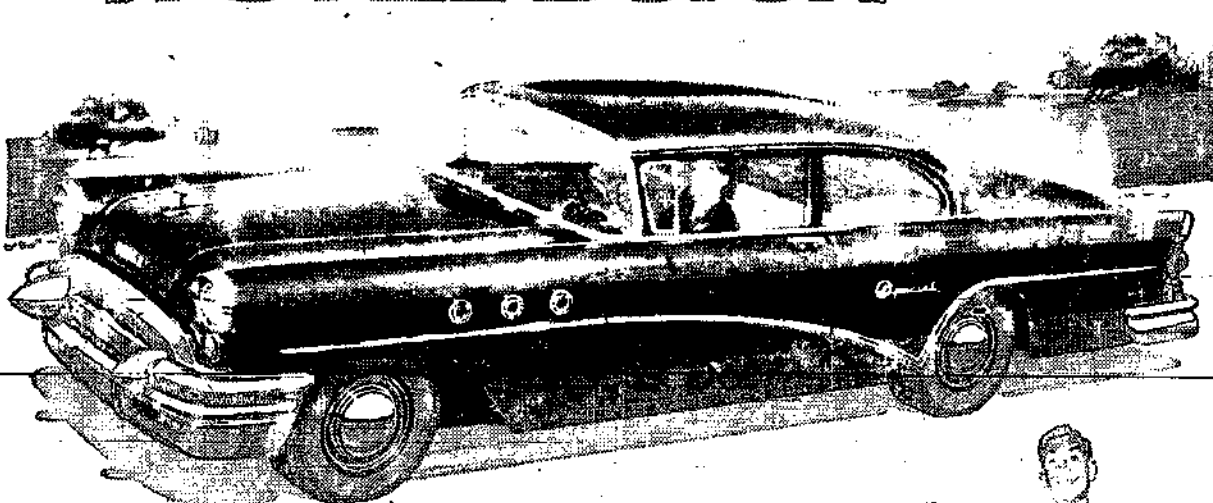

Are all gasolines pretty much the same?

NO, THEY'RE NOT. Standard's research brings you the best in gasolines. And we guard their quality from refinery to your car through exclusive terminals, lake tankers, river barges, pipelines, tank cars and trucks. No gasolines arrive at or go out of our terminals but Standard Gasolines. That's why they are distinctly different.

You expect more from STANDARD and get it!

# IT'S ALL BUICK

—AND ALL YOURS

for only \$2247.13\*

delivered locally!

YOU certainly can throw out your chest and call this strapping big Buick yours.

Because—as any comparison shows—the dollar difference between this brawny beauty and the well-known smaller cars is now virtually erased. So if you've been holding back, thinking a Buick was out of reach—let yourself go. You can afford a Buick if you can afford any new car—and the price we show here proves it.

**Buick Sales Are Soaring To New Best-Seller Highs**  
That's a major reason for the phenomenal success of Buick today. So much so, that production and sales are hitting new peaks to move Buick more firmly into the tight circle of America's best sellers. And a companion reason for this soaring popularity is Buick's full line of cars to give you a choice in any price class—the bedrock-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPRA, and the custom-built ROADMASTER.

But pure and simple, it's all the automobile you get for your money that's winning so many new owners to Buick.

It's the extra pride you feel, the extra room you enjoy, the extra comfort you get, the extra safety you sense—from Buick styling, Buick size, Buick ride-engineering, Buick solidity of structure.

2-door, 4-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains—such as: Heater & Defroster—\$81.70; Radio & Airplane—\$92.50.

It's the extra lift and snap and ginger you get from Buick high-compression V8 power—and the fun and thrill of bossing such eager might.

As we said—if you can afford any new car, you can afford a Buick—even with the spectacular performance of Variable Pitch Dynaflo at modest extra cost.

So why settle for anything less than a Buick? Drop in on us, take the wheel, press that pedal, and see for yourself what a whale of an automobile—and a whale of a buy—today's Buick really is.

\*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series

**DID YOU KNOW?**  
—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?  
—that the Buick SPECIAL is priced below some models of the three well-known smaller cars?  
—that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

#### ORDER FOR APPEARANCE

At a session of said Court held  
at the courthouse in the City of  
Grayling, in said Circuit, on the  
19th day of March, 1955.  
Present: Hon. John C. Shaffer,  
Circuit Judge.  
On reading and filing the bill of  
complaint in said cause and the  
affidavit of Charles E. Moore,  
attached thereto, from which it  
satisfactorily appears, to the  
court that the defendants above  
named, or their unknown heirs,  
devisees, legatees and assigns, are  
proper and necessary parties de-  
fendant in said cause, and  
It further appearing that after  
diligent search and inquiry it  
cannot be ascertained and is not  
known whether the defendants,

This is the third in a series of photos being published by the Avalanche in their current "Future Citizens" kiddies pictures. Top row left to right are: Joy Ann, 2, daughter of the John Rossmussens; Suzanne, 7, daughter of the Fred Bishaws, and Julie, 9 months, daughter of the Harold Gelnicks. In the bottom row from left in right are: David, 3 1/2, son of the Ed Stearns; Douglas, 2, and Pamela, 4, children of the Donald Leggs. All six of the children this week are Graying children.

### Blasting Caps Are Dangerous

If you happen to see a small metallic cylinder about an inch and a half long and as big around as a pencil, don't touch it! It may be a blasting cap.

Sheriff John A. Papendick sounded the warning yesterday in launching his annual drive to alert children and parents to the dangers of blasting caps in inexperienced hands. Sometimes caps are misplaced. Boys and girls find them—play with them—are hurt when the cap explodes.

Some of these youngsters are blinded or lose fingers or hands and, in extreme cases, their lives. Blasting caps, the sheriff explained, may or may not have a fuse attached. Some are bright copper or aluminum tubes with plain or colored wires at one end. All are charged with powerful explosives.

Caps are necessary to build roads, tunnels and skyscrapers. at the Probate Office, in the City of Grayling in said County, on the 8th day of May, A. D. 1955.

Proof of Ford's extra worth is its sales gains... numerically greater than any other car in '54. And this year, with Trigger-Torque power and Thunderbird styling, Ford is more than ever America's most wanted car!

You'll recognize the Thunderbird heritage in the new Ford almost everywhere you look—from its visored head lights to its stunning tail fins. And a look inside Ford's Luxury Lounge interior reveals rich new upholstery and exciting trim schemes that are color-keyed to the beautiful new enamel exterior color you select.

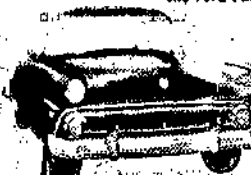

When you take the wheel of the '55 Ford, you'll discover the thrill of Trigger-Torque power. And Ford's new Angle-Poised Ride brings you the "feel" of cars costing hundreds more.

Among Ford's other "exclusives" in its field are: new Speed-Trigger Fordomatic™, new 10% larger brakes; Center-Fill Fueling; new 18 mm. spark plugs. Test Drive a 1955 Ford today!
